

**IMPORTANT INFORMATION REGARDING
2009 SAFETY NET FOUNDATION PROGRAM WEB-CAST SESSIONS**

The Safety Net Foundation is pleased to have provided necessary oncology and nephrology products to you and your patients over the years. In an effort to improve efficiencies, the Foundation has made some program enhancements, including **The Safety Net Foundation website** www.safetynetfoundation.com, conversion from existing customer relationship management (CRM) database to a **new state-of-the-art CRM system** in March 2009, and **streamlined application forms and enrollment status letters** for easier Foundation enrollment and communication.

The Foundation is holding a series of audio conference web-cast sessions to provide information and training regarding these enhancements. The audio conferences will last approximately 30 minutes: 15 minutes of presentation and 15 minutes for a question and answer session. The live web-cast schedule is shown below. In addition, an on-demand loop is available for re-play at any time.

**SNF 2009 Program Enhancements
Schedule of Web-casts With Live Q&A**

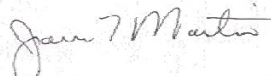

(Each session is 30 minutes long)
